### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance: Claims 24 and 26-28 clearly define applicant's claimed invention and distinguish the claimed invention from the teachings of the cited prior art. More specifically, the prior art of record fails to expressly disclose the invention as a whole including: routing a message from a message router to a particular protocol gateway based on (i) a determined least recently used protocol gateway and (ii) a particular protocol utilized by a client device associated with the message, as recited in independent claim 24.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
